

MF ZEBRA mop series

MF ZEBRA mop series

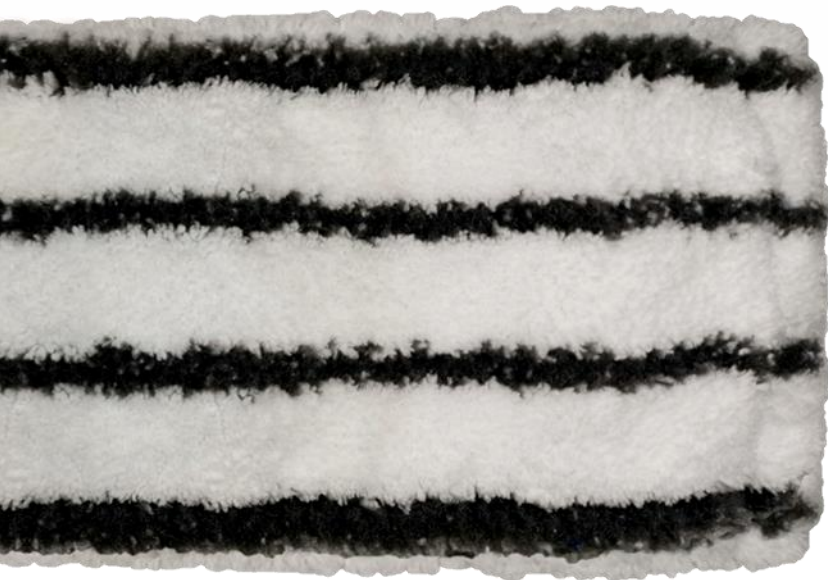

Use Scrub mop made of very dense white microfiber (980gr/m2) that removes stubborn dirt from all water-resistant surfaces such as floors, walls and doors. The black polyester scrub fibers loosen the dirt and the thick white microfiber absorbs moisture and dirt. The combination of these two types of fibers makes the mop light in use while retaining high cleaning efficiency. This makes it very suitable for easy and quick cleaning of heavily soiled, large surfaces: the extra-dense, heavy microfiber absorbs an extraordinary amount of moisture and dirt.

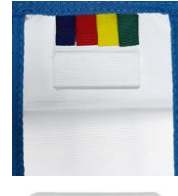

Composition Microfibre 980 gr/m2 (80% polyester/20% polyamide), polyester
